CAREER OBJECTIVE

Passionate about cybersecurity and experienced as a full-stack developer, I specialize in Next.js, Node.js, and modern web technologies. I aim to build secure, scalable, and high-performance applications. I also contribute innovative solutions that help businesses grow.

EDUCATION

Bachelor of Computer Applications (BCA) (Hons.) — Brainware University | 3rd Year, 5th Semester (2024 – 2027)

Class XII — WBCHSE Board | Commerce | 55.4%

TRAININGS / CERTIFICATIONS

Introduction to Cybersecurity — Cisco Networking Academy | May 2026

Completed the Introduction to Cybersecurity course by Cisco Networking Academy. Continuing to build skills in security, networking, and ethical hacking.

PROJECTS

BWU Web — Brainware University Student Portal | Mar 2026 – Present

- Full-stack university platform with grade tracking, attendance management, and campus announcements.
- Built with Next.js, Node.js, shadcn/ui, Framer Motion, and MongoDB with role-based authentication for students, faculty, and administrators.
- Scalable architecture, responsive layouts, smooth animations, and optimized frontend engineering. Deployed on Vercel.

[\[Next.js\]](#) [\[TypeScript\]](#) [\[TailwindCSS\]](#) [\[Framer Motion\]](#) [\[MongoDB\]](#)

Reversed Encryptor

- Encryption and transformation platform focused on security experimentation, encoding systems, and obfuscation workflows.
- Features an interactive UI for real-time encoding and cipher operations.
